

Dear Past Presidents,
Dear Honorary Presidents,
Dear Colleagues,
Dear Friends,

The Organizing Committee of the Asian Society of Cryosurgery (ASC) is glad to invite you to participate in the 7th World Congress which will take place at the Weifang, Shandong Province, China, from August 18-20, 2023. **If you decide to attend the conference, the organizing committee will reimburse all your expenses, including round-trip airfare and accommodation.**

This scientific meeting is designed to bring together academic and clinical researchers, physicians, scientists and top branded exhibitors to present and explore the updates and future of our advancing field of cryosurgery, cryo-medicine, cryo-immunology and high-tech cryosurgical equipment.

The Congress offers three days of engaging and dynamic conversations which will cover imaging, clinical and basic research in the fields of cryoablation, thermal ablation, radioactive particle implantation, vascular interventions and respiratory endoscopic interventions. There will be online and offline academic exchanges between renowned experts in the field of interventional and minimally invasive tumor therapy, and exciting lectures on the frontier disciplines, new technologies and new concepts in the related fields. There will be hands-on training sessions before the conference and surgical demonstrations after the conference.

Join us with your academic and clinical strategies that will illuminate the future of all aspects of cryosurgery and medicine.

The deadline for abstract submission is July 15th, 2023.

Please send the Abstracts to Dr.Liangliang Meng (ascryosurgery@163.com)

Please circulate this invitation to all your colleagues and friends who are interested in the field of cryosurgery and encourage them to attend this important congress.

Looking forward to meeting you,

Best regards,

Prof. Dr. Hongwu Wang
President of the ISC

Kecheng Xu
Honorary President

Prof. Dr. Nikolai Korpan
Honorary President
